

LOCAL OPTION PASSED UP TO DISTRICT ATTORNEY.

**He Must Tell Supervisors Whether Proposed
Precinct Ordinance is a Legal Document
—Arguments Made Today.**

Those who are for and those who are against local option met before the Supervisors this morning and argued at length the proposed ordinance which has been so long before the Board.

The Board met at nine o'clock and went at once into Committee of the Whole. The committee remained in session until half past ten and after considerable discussion pro and con, amended the ordinance.

The Knights of the Royal Arch, who are fighting the ordinance, were well represented by a number of the leading liquor dealers of the county, and they had for their legal leader, Attorney Lyn Church.

The prohibition party and private citizens who are behind the ordinance, were as well represented and had for their counsel Attorneys Gray and Kinsell.

At the end of the session upon motion of Supervisor Talcott the whole question was referred to District Attorney Allen with the request that he render an opinion on the ordinance by Monday morning.

Attorney Church was first given the privilege of the floor and in a forcible manner he presented the reasons for objections found by the Royal Arch and also the legal points to which he took exception. He not only argued that the ordinance as it stands is unconstitutional but at the same time said that if it were adopted in its present form it would strike a disastrous blow at Alameda county's wine growing industry. Mr. Church explained that the Knights of the Royal Arch was an association

of liquor men formed for the purpose of elevating the liquor business and keeping out of it objectionable characters who tended to lower the plane of the liquor business had attained.

"Liquor selling when properly conducted," said he, "is as much a legitimate business as any other line. The effect of the ordinance will be to destroy the liquor business outside of the cities and towns of the county."

Attorney Church especially objected to clause eight of the ordinance which provides that the electors of each precinct shall say whether or not a saloon may be licensed whether that precinct.

This, he said, was distinctly a delegation to others of the discretionary powers which the law invested in the Board alone. This he declared to be distinctly unconstitutional. He claimed further that there was nothing in the title of the ordinance to indicate whether it was a measure for the purpose of revenue or a police or regulating measure only.

"I do not believe," continued he, "that this Board wishes to pass an ordinance which will strike a blow at the wine industry of Livermore, of Murray and of other sections of our county; at such men as Gier and Hannafin and other of our foremost citizens who have invested their money in this city and who are wholesale liquor dealers. That is just what this ordinance will do. It will effect our wine-makers and our brewers and do their industries great harm."

Continuing he referred to the distinction made between and definition

given for hotels and restaurants and ridiculed the idea of permitting liquors to be sold with a hot meal and not with a cold one.

Mr. Church was followed by P. Hanrahan, one of the city's well known wholesalers, who told in a straightforward way of the objects and aims of the Knights of the Royal Arch and also of the harm he considered the ordinance would do both retailer and wholesaler.

Attorney Kinsell introduced the side of the opposition and stated that A. B. Martin of Berkeley would speak of the expediency of the ordinance and Attorney Gray would present the law of the case.

Mr. Martin proved an excellent speaker and set forth his case eloquently and with sincerity. He told how he had passed through the rebellion without learning to drink and afterward considered himself immune; how, later, he had become a periodical tippler and had fought the fight for years before he could shake the habit from him. The fact that he fell into it he laid at the door of the too convenient and ever ready saloons and he pleaded earnestly that the voters in the different precincts should have the right to say whether or not they should have the same temptation set down among them.

Attorney Gray followed him and presented arguments for his side. He took up the arguments and references made by Mr. Church and attempted their demolition. He denied that in Section Eight there was any unconstitutional delegation of power and said that the ordinance would not harm the retailer so long as he was in a district where he was wanted. Upon the wholesale phase of the business he did not touch but attacked and denied one by one all of the points of the opposition.

Both sides submitted lists of their references to District Attorney Allen, who was present throughout the argument. He announced that he would hand down his opinion on Monday morning.

It is believed the District Attorney will decide that the ordinance is legal.

UNION MEN MEET IN NEW ORLEANS

NEW ORLEANS, Nov. 12.—The twenty-second annual convention of the American Federation of Labor met this morning at 10:30 in Odd Fellows' Hall, with about 90 delegates present.

The delegates were selected from the St. Charles Mansion by the members of the Labor Trades and Labor Assembly, headed by Robert E. Lee, president of the local organization, and by James Leonard, the Federation organizer for the State of Louisiana.

When the convention had been called to order, President Lee of the New Orleans organization delivered an address of welcome on behalf of the laboring men of New Orleans. He closed with a warm tribute to President Gompers personally, declaring that the members of the Federation would follow him to the end.

President Gompers declared in his reply that he fully appreciated what ever was said of him personally and thought he could best show his appreciation by his silence about it.

After touching upon the scope and bearing of the labor union movement, President Gompers declared that it was amazing to note the ignorance among so-called educated people regarding the aims and objects of the organization.

"No man who, as an educator," said President Gompers, "possibly a strike breaker, is fit for the position he holds. Compared to such a man, Benedict Arnold was a martyr and Judas Iscariot a saint."

Although no name was mentioned, it was understood by the delegates that reference was made to the head of one of the leading educational institutions of the country, and they applauded with vehemence.

There were again called forth when it was declared that the men who acted the role of strike breakers were looking backward toward barbarism and not to the future.

A call was made for the report of the Committee on Credentials, and that body not being entirely prepared, considerable delay resulted. The report declared that sixty-nine national organizations, nine State organizations, fifty-five central bodies, fifty-four local and federal bodies and four fraternal delegates had reported and were entitled to representation. The total voting strength of the bodies represented by the delegates was about ten thousand.

It was recommended that credentials be denied to a number of delegates who were opposed chiefly because of non-payment of dues. A protest against the seating of the delegates of the Amalgamated Association of Carpenters was made by the United Brotherhood of Carpenters and Joiners. Upon motion, the contest was referred back to the committee for further action.

J. B. Duncan moved that a special committee be appointed to which all disputes should be referred, this committee to report direct to the convention. This motion, which removed much of the work incidental to the dispute between the carpenters from the floor of the convention, was adopted.

A special committee was also appointed to consider the differences between the Longshoremen and other organizations who claim the former are intruding upon their territory.

On motion of Delegate Duncan, the convention adjourned to meet at 2 P. M., for which time the reports of the officers of the organization were on the program.

TO IMPROVE THE DAM.

WORK WILL BE COMMENCED ON
TWELFTH STREET TO-
MORROW.

Tomorrow morning work will be commenced on the improvement of the Twelfth street dam. Today the Hutchinson-Ransome Company filed a bond for \$15,000, with the Pacific Surety Company as security. The Hutchinson-Ransome Company was the lowest among a number of bidders that offered to improve the Twelfth street dam, their bid being for \$55,545.35. The City Council awarded the contract to them with the understanding that the work must be completed within 120 days after it has been commenced.

All traffic, both railroad and vehicle, will be suspended on Twelfth street from the west to the east side of the lake. The Haywards and Alameda cars will run over the Eleventh street bridge and teams and carriages will use the Eighth street bridge.

The dam in the center is four feet below the required street grade and will be raised to meet this requirement. A bicycle path will be constructed and the entire improvements made to conform with the boulevard.

QUARRELED WITH HER LOVER.

UNHAPPY MARRIED WOMAN
JUMPS INTO LAKE AND
IS LOST.

HARRISON, Idaho, Nov. 12.—Following a quarrel with her lover Mrs. Nora Ruddy engaged a boatman to carry her across the lake and when the boat was in the middle of the lake she jumped in and was drowned. She left her husband at Wallace some time ago.

She had many diamonds upon her when her body was taken from the lake.

GOLD FOR SAN FRANCISCO.
NEW YORK, Nov. 12.—The sub-treasury made a telegraphic transfer of \$250,000 in gold to San Francisco today.

BIG SACK FIGHT OVER IN NEVADA.

**Coin Flowed Like Water in the
Senatorial Contest—How
the Battle Was Fought.**

"The election in Nevada was an old time sack fight," said W. L. Wallace of Emeryville, "and for the first time since Fair ran for Senator in 1880 the big end of the sack was on the Democratic side."

"The prize was, as usual, a Senatorship and also the holdovers who will have a vote in electing a successor to Senator Stewart two years hence. John Sparks, the millionaire mine owner and cattle man, was the Democratic candidate for Governor and Frank G. Newlands was the Democratic candidate for Senator. It is understood that the holdover Democratic Senators are pledged to vote for Sparks for the Senate two years from now."

"Judge Hawley was the Republican candidate for Senator, and Senator Stewart was doing all he could to elect the holdover Republican Senators."

"I was in Reno on election day, and money ran like water. Sparks and

Newlands both live in Reno, and they were determined to carry the county if money would do it. Votes were bought right and left. There was no secret about it, the prices being quoted on the street as openly as men would talk of the price of hay or beef. The Democrats had a purchasing agency at one place and the Republicans at another. The Democratic Sheriff closed up the Republican vote-buying booth and the Republican Constable retaliated by closing up the Democratic bribing shop. But the vote-buying went on just the same. Sparks and Newlands had the largest sack and raked the pot."

"I was told this vote-buying went on all over the State, Virginia, Winemucca, Elko, Austin and Pioche. It must have cost Newlands and Sparks a lot of money to win if they spent money everywhere else like they did in Reno. They carried about everything in sight except the Superintendent of Public Schools. The Democrats elected all the holdover Senators but two."

SAYS GERMANY MUST SHOW HER TEETH TO UNCLE SAM.

**GERMAN STATESMAN MAKES A SHARP
STATEMENT DURING THE TARIFF
DEBATE IN REICHSTAG.**

BERLIN, Nov. 12.—The Reichstag today adopted by 187 to 71 votes, the paragraph of the new tariff bill authorizing the government to retaliate on any country discriminating against German goods. The Agrarians openly affirmed that it was necessary to arm the government with weapons for reprisal, especially against the United States Customs practices. Dr. Brumer, National Liberal, cited an instance in which he said \$200,000 worth of enameled goods were ordered in Germany for New York, but the speculator asserted the customs officials "changed the classification at the instance of the American trust, whereupon the New

York importer cancelled the order."

"It was proved to the customs officials," said Dr. Brumer, "that the invoice was in exact accord with the German seller books and that instead of the goods being undervalued, the books showed that shipments had been made to India at still lower rates."

Dr. Brumer further asserted that the customs of this treatment was dictated by the interests of the home manufacturers and he continued:

"It is said that we must not offend the United States, but they will respect us more and we shall gain by showing our teeth, than by always giving pleasant words."

(Continued on Page 2.)

ENGAGEMENT OF MISS LOWDEN AND GEORGE CLARKE DAVIS.

The latest event in local fashionable circles is the announcement of the engagement of Miss Florence Lowden, daughter of Mr. and Mrs. W. H. Lowden of 571 Center street, to Mr. George Clarke Davis. The engagement was made public this afternoon to a large party of invited guests who were present at an "at home" of the bride's mother.

It was received with great pleasure by the assembled company, for Miss Lowden is one of the most popular and accomplished young ladies in Oakland society. Her father is prominent in San Francisco insurance circles, while her mother is a leading member of the Eboli and other social organizations of this city.

Mr. Davis is a son of William R. Davis, the well known attorney, and of Mrs. Davis, a prominent member of the Eboli Society and an efficient worker and member of the Board of Managers of the Fabiola Hospital.

Young Mr. Davis is on his last term in the State University. He is president of the University Glee Club and the presiding officer of the Zeta Psi Society. He is also a field officer in the staff of Colonel De Waite with the rank of Captain.

The parents of both bride and groom are well pleased with the engagement. The day of the wedding has not been set.

SOUTHERN PACIFIC COMPANY TO USE ELECTRICITY.

**Will Do Away With the Steam Line Between
San Jose and San Francisco—There
May Be Local Changes.**

SAN JOSE, November 13.—It is stated on semi-official authority that so soon as the Southern Pacific Company completes its double track between San Jose and San Francisco, it will run its local trains by electricity.

Recent improvements and purchases of the company seem to indicate that it is also its intention to make San Jose a general terminus for all local motives both freight and passenger, and that immense roudhouses are to be built here in addition to those the company now have.

It is said that the company is greatly crowded or room in San Francisco. It is therefore believed that the improvements on the large acreage here and the purchase of additional lands from time to time mean a mechanical concentration at San Jose.

The changes to be made at San Jose will not disturb the conditions at West Oakland.

GOOD PLACES FOR SNOOK AND SPEAR.

The First Said to be
Slated for Private
Secretary.

**Report Makes Chas. Spear
Chairman of Harbor
Commission**

SAN FRANCISCO, Nov. 13.—The latest political gossip is to the effect that Charles H. Spear will be appointed Harbor Commissioner to succeed Paris Kilburn and that Charles E. Snook will be appointed Private Secretary by Governor Pardee. The story goes that Snook first desired to be made attorney for the Harbor Commission, but two obstacles stand in the way. Commissioners Kirkpatrick and Mackenzie will contest the election of Budd's successor, and it is taken for granted that they will choose some man nominated by Governor Gage.

If Spear is appointed Harbor Commissioner that is supposed to interfere with the choice of Snook as attorney for the Board, as both hail from Alameda county.

It is acknowledged that Spear is well fitted to be Harbor Commissioner, having been Port Warden for the past four years. Everybody concedes that he deserves something handsome at Dr. Pardee's hands, and it is taken as a matter of course that Governor-Elect will embrace the very first opportunity of showing his appreciation of the splendid work Spear did for him as Chairman of the Campaign Committee.

That Snook will make a first class Private Secretary is universally admitted. He also deserves high reward for the faithful service he rendered the Governor-Elect in the recent campaign. He worked with untiring zeal to get Dr. Pardee nominated and labored night and day to elect him. He is a lawyer of talent and experience, and is well acquainted with public men and affairs.

The salary of Private Secretary is \$4,000 a year and that of Harbor Commissioner is \$3,600 a year. The latter has a great deal of patronage at his disposal, however.

ANOTHER PERKINS SENATOR ELECTED

YREKA, Nov. 13.—Clifford Coggins the Republican candidate for State Senator from Siskiyou is elected. His majority is twenty-one. He is strongly in favor of the re-election of Senator Perkins.

PRESIDENT ARRIVES.
SMEDES, Miss, November 13.—The President and his party arrived here at 3:45 and started immediately for the camp, about 15 miles distant.

FOR SALE!

JESSIE and JEAN
Bay Mares, Pacers.
(Sire, Son of Guy Wilkes, 2:15 1/4.)
Full Sisters Dan Standard Breed
This is the sweetest road team ever brought to Oakland. Stylish, fast, gentle. Have great endurance, absolutely sound and perfectly matched.
1766 NINTH AVENUE

In fact the company will make large improvements at the west end for the reason that the yards are now greatly overcrowded.

It was learned at the West Oakland shops this afternoon that the Southern Pacific Company is now figuring on changing its local lines here into electric roads.

Their plans for changes include the Seventh Street local, Berkeley and Alameda locals. Their engineers are looking over the field.

RAILROAD MEN GET INCREASE IN WAGES.

TEN PER CENT FOR EMPLOYEES
UNDER A CERTAIN
SALARY.

BALTIMORE, Md., Nov. 12.—The Northern Central and Philadelphia, Baltimore and Washington Railway Companies, through General Agent George C. Wilkins in this city, have announced that an increase of ten per cent on the salaries of all employees receiving less than \$200 a month will be granted to date from November 1st.

The jurisdiction of the Northern Central and the Philadelphia, Baltimore and Washington Companies embraces 20,000 employees, as it extends from Washington to Philadelphia and to Buffalo and includes the branch lines in Maryland and the Delaware and Maryland Peninsulas.

SIX YEARS FOR A BANK PRESIDENT

LOUISVILLE, Ky., November 13.—J. M. McKnight, former president of the defunct German National Bank of this city, was today sentenced to six years in the penitentiary by Judge Evans, of the Federal Court, having been convicted of embezzling the bank's funds. This is the fourth sentence on the same charge, his sentences having been set aside by a higher court.

William Wilson, a youth unknown to the police, and William Smith, an old offender, occupy separate cells at the City Prison. The former is charged with robbery and, while no charge has been placed against Smith, he will in all probability be charged with the same offense.

It is due to the efforts of Officer Sherry and Thompson that the men are behind the bars and also that aged John Conrad, a laborer, was not killed in the attempt of Wilson and Smith to rob him.

Conrad was met by the two men in the street and they attempted to rob him.

BERKELEY and STATE UNIVERSITY

Plans Completed For Lack of Funds at Berkeley. Costs Farmers For California's New Physiological Laboratory. Many Thousands. Interests.

BRANCH OFFICE, 2121 STANFORD PLACE. TELEPHONE MASON 1761

Berkeley, November 13.—A Physiology Hall, containing a salt water aquarium, research laboratories and class laboratories will be erected at once on the Berkeley campus through the generosity of Mr. Rudolph Sprackles.

Physiology Hall will shelter the new department which is to be organized by Dr. Jacques Loeb, most celebrated of living physiologists, who has just resigned a chair in the University of Chicago to become a professor in the University of California. A number of scientists will come to Berkeley with Dr. Loeb in order to avail themselves of the opportunities for research offered by the new University laboratories, by the natural advantage of the Pacific waters, and by companionship with the great biologist. These investigators will have no official connection with the University, but will devote their entire time to research.

As aides Professor Loeb will have Dr. Frank Watts Bancroft, already instructor in physiology in the University, who will have charge of undergraduate instruction in the subject; Dr. Martin Fischer, a man, who has already published many valuable researches in physiology, who will have charge of the instruction of medical students; and Mr. Charles Gardner Rogers, who is to be assistant in physiology in Dr. Loeb's laboratories in Berkeley. Dr. Fischer and Mr. Rogers are associated with the University of California in the University of Chicago.

The plans of Physiology Hall have already been drawn after a conference in Chicago between Professor Loeb and Mr. John G. Howard, supervising architect of the University. Mr. Howard will arrive from the East Thursday evening, and work on the new building will be begun within a very short time. The pressing need for the building, for Dr. Loeb will begin his work in Berkeley in January, requires that the building which will be devoted to research. It will contain a number of private laboratories for the use of Dr. Loeb and his assistants and for visiting investigators. In this part of the building there will also be store-rooms for materials and supplies.

In one wing will be a salt water aquarium, the largest within the full of salt water in which sea creatures may be kept alive for an indefinite period, and their habits and vital processes placed under observation. Electrical machinery will maintain a constant flow of sea water in the tanks. This arrangement, by which the water will be constantly aerated, will make it unnecessary to change the supply more than two or three times a year.

In another wing there will be laboratories for the instruction of undergraduates.

Professor and Mrs. Loeb will make their home in Berkeley, and it is here on the University campus that Dr. Loeb's remarkable physiological work will hereafter be prosecuted.

LACK OF FUNDS WILL COST FARMERS THOUSANDS.

BERKELEY, November 13.—Owing to a lack of funds the Agricultural Department of the University of California has had to refuse two important calls for aid from the farmers of Watsonville and of Petaluma. The Fruit Growers Association of Watsonville sent to the University last week, asking for an entomologist to be sent to their region to investigate the codling moth, which has been doing untold damage to the apple and pear crops. The people of Petaluma made a similar request for a man to investigate the diseases of the poultry of that section. But in both cases help had to be refused on account of insufficient funds.

Last year, when Entomologist Clarke went to Placer County to investigate the codling moth that did such damage to the peach crops, he succeeded in finding a method of exterminating the pests and saved thousands of dollars for that part of the State. Doubtless the result of the best of the University in the case of the Watsonville insects, from the lack of a few hundred dollars, that section must lose half its apple and pear crops, amounting to thousands of dollars. And so to with the poultry at Petaluma, great loss will be entailed when a small outlay could save the fowl.

What makes the situation more deplorable is the fact that the farmers, both of Watsonville and Petaluma have offered to pay all the expenses, and

NEW ALUMNI CLUB FORMED FOR CALIFORNIA.

BERKELEY, November 13.—Plans under way for an alumni hall to be built on the campus at the University of California. It is to be the home of the Alumni Club of the University.

Last Friday the class of '99 held its annual banquet in San Francisco. At that banquet, with the protest against Smith still fresh in their minds, the members of the class agreed that an alumni club should be formed to look after Berkeley's interests in such matters. It is generally understood that the new building will be begun within a very short time. The pressing need for the building, for Dr. Loeb will begin his work in Berkeley in January, requires that the building which will be devoted to research. It will contain a number of private laboratories for the use of Dr. Loeb and his assistants and for visiting investigators. In this part of the building there will also be store-rooms for materials and supplies.

In one wing will be a salt water aquarium, the largest within the full of salt water in which sea creatures may be kept alive for an indefinite period, and their habits and vital processes placed under observation. Electrical machinery will maintain a constant flow of sea water in the tanks. This arrangement, by which the water will be constantly aerated, will make it unnecessary to change the supply more than two or three times a year.

In another wing there will be laboratories for the instruction of undergraduates.

Professor and Mrs. Loeb will make their home in Berkeley, and it is here on the University campus that Dr. Loeb's remarkable physiological work will hereafter be prosecuted.

SAID HE TOOK POISON.

HAYWARDS MAN CLAIMED HE ATE STRYCHNINE AND IS ROUGHLY HANDLED.

HAYWARDS, Nov. 13.—Considerable excitement was caused here Tuesday night when a messenger rushed into town with the news that Manuel Souza, a well known Portuguese who resides near the Catholic Church, had taken a dose of strychnine and was dying. Dr. Reynolds of the hospital, who was called to the scene of the suicide, found Souza at the Souza house, the doctor found Souza writing on the floor, apparently in great agony, while his wife was frantic. The patient was put to bed and the stou-ach pump put into commission. For while Souza evidently thought the pump was worse than the imaginary poison, for the former did its work well. Souza, it appears, had been taking freely of red wine, and had been told that it was good for him. He was not aware of the doctor's discovery. There were no signs of poison and the doctor began to think he was the victim of a practical joke.

It has since been learned that Souza told his wife he had taken poison to frighten her. The woman immediately sent for a physician, and when Souza said that his bluff had worked so well he was compelled to carry it out. He feigned great pain and then begged the doctor to stop. He had had enough of practical jokes, and the story came out. The doctor was performing last week and all danger is now passed.

MAY SUCCEED LANGDON.

Hugh Sturdevant, a former resident of this place, who is now residing in Oakland, was a recent visitor in San Leandro. Mr. Sturdevant, who has been a teacher in the public schools of this State and in Hawaii for a number of years, is spoken of as a possible successor to the late Langdon of the local school, who at the last election, was elected Superintendent of Schools of San Francisco.

TRUSTEES WILL MEET.

A meeting of the Town Trustees will be held next Wednesday night, at which time a report will undoubtedly be made on the question of fire protection. At the last meeting of the Board the matter was discussed and it was decided that Attorney Langan was instructed to investigate whether or not the San Lorenzo Water Company was in a position to place hydrants where the Trustees were of the opinion that they are needed.

Street improvements will also be discussed by the Board, and in all probability the concrete arch on Castro street will be completed at the last meeting, but none of the within the estimate of the Town Engineer. It is the opinion of the Board that the culvert can be constructed at the cost of some \$200. The present culvert, which is of wood, is badly in need of repair, and the construction of a concrete arch would do away with the constant repairing that is required to keep a wooden one in repair.

Other matters of importance will come up at the meeting. It is probable that the proposition of selling the streets will be taken up. This matter has been agitated in Haywards for some time and may be given a final decision.

WILL AUCTION HORSES.

Forty head of the horses will be auctioned at Geary & Grindell's stable next Saturday. The horses have been brought from here, but the warehouse at the B. & A. L. Stone Company at \$5,000.

QUIET AT THE CANNERY.

Very little work is being done now at the big cannery near the depot. The season is practically over, and the few remaining workers are boxing and labeling. It will require some time to put all the canned goods in shape for shipping, as this season's pack was a large one. Already there has been considerable fruit shipped from here, but the warehouses are still well filled and it will require some time to get it away.

AT WORK ON NEW ROAD.

The work of the Highway Commission is being watched with interest by the residents of the town. The road between San Leandro and San Francisco is being graded and widened, and when completed will be equal to any road in the country. The contract has been let to the B. & A. L. Stone Company at \$5,000.

SAN LEANDRO COMFORTS.

LADIES OF FLOR DA UNIAO PREPARING FOR A LARGE AFFAIR. WOMEN OF FRUITVALE GUILD PREPARING FOR THEIR BAZAR.

SAN LEANDRO, Nov. 13.—Preparations for the Thanksgiving ball to be given by Flor da Uniao No. 5, S. P. R. S. L. on the evening of November 26, are now rapidly nearing completion. The affair promises to be one of the most interesting of the season, and will be attended by the Portuguese residents of this and surrounding towns.

The ball is being arranged under the direction of the officers of Flor da Uniao assisted by several committees. The officers are: President, Miss Mary A. Bettencourt; secretary, Mrs. Margaret Marshall; treasurer, Mrs. Emma Perry. Following are the committees: Committee of arrangements—Messrs. James L. Silveira, William Silva, Maria Enoch, Minnie Pocha, Mary J. Silva, Misses Lenore Silva, Carrie Luiz, Marnie Lorette Silva, Emma Rogers, Belle Roberts.

Decorations—Messdames Minnie Pocha, Josephine Dutra, Mary G. Terra, Misses Lizzie Lebon, Mary Lebon, Rosie Joseph, Lillian Rogers, Louise Garcia, Marnie Galvin, Maggie Enoch.

U. P. E. C. Hall will be beautifully decorated for the occasion by the committee in charge of that work. The place will be festooned with colored bunting and evergreens, with many palms and flowers will be used. Music for the occasion will be furnished by Barney's orchestra.

UNDERWENT SERIOUS OPERATION.

Mrs. Manuel Kink of this place underwent a serious operation recently at her home. The operation consisted of removing a tumor from beneath her left arm. It was performed by Dr. K. E. Smith, a well-known physician of this place. Dr. Smith was assisted by Mrs. Miller and Clark. The operation proved successful and the patient is rapidly recovering.

W. A. GUNZ, FORMER RESIDENT OF THIS PLACE, HAS JUST RETURNED FROM DAWSON CITY, ALASKA, WHERE HE HAS BEEN LIVING FOR THE PAST THREE YEARS. MR. GUNZ RETURNS TO THE STATES A WEALTHY MAN, HE HAVING BEEN FORTUNATE ENOUGH TO SECURE SEVERAL PAYING CLAIMS. HE IS A BROTHER-IN-LAW OF DR. K. E. SMITH OF SAN LEANDRO, AND HAS BEEN VISITING HERE FOR SEVERAL DAYS. HE WILL MAKE HIS HOME IN OAKLAND FOR THE PRESENT.

SHE HAS RECOVERED.

Miss Nellie Phillips, a former resident of San Leandro, who was recently operated upon at the hospital in Oakland for appendicitis, has returned to her home after recovering from the attack. She underwent the operation very successfully, and continued to improve rapidly. Her many friends in this place will be pleased to learn of her recovery.

WILL RAFFLE GOLD WATCH.

An elegant lady's gold watch will be raffled at Cunha's saloon on Saturday evening, December 20. The raffle is for the benefit of Mr. and Mrs. John Freitas of Chumalla street, both of whom are confined to their beds with serious illness. The cause is a good one and the tickets are finding ready purchasers.

HE IS RECOVERING.

Joe Louriana, who was recently operated upon for appendicitis by Drs. Clark, Miller and Smith, is improving and it is stated that the raffle and the case is a very peculiar one, and it was not expected that the man could survive the operation. It appears that before being taken down he had been suffering from painters' colic. Just as he was recovering from the attack of colic he was taken with appendicitis. An operation was necessary, and owing to the unsettled state of the man's health, it was feared that he would not survive. He, however, has been gaining quite rapidly since the operation, which was performed last week and all danger is now passed.

MAY SUCCEED LANGDON.

Hugh Sturdevant, a former resident of this place, who is now residing in Oakland, was a recent visitor in San Leandro. Mr. Sturdevant, who has been a teacher in the public schools of this State and in Hawaii for a number of years, is spoken of as a possible successor to the late Langdon of the local school, who at the last election, was elected Superintendent of Schools of San Francisco.

TRUSTEES WILL MEET.

A meeting of the Town Trustees will be held next Wednesday night, at which time a report will undoubtedly be made on the question of fire protection. At the last meeting of the Board the matter was discussed and it was decided that Attorney Langan was instructed to investigate whether or not the San Lorenzo Water Company was in a position to place hydrants where the Trustees were of the opinion that they are needed.

WILL AUCTION HORSES.

Forty head of the horses will be auctioned at Geary & Grindell's stable next Saturday. The horses have been brought from here, but the warehouse at the B. & A. L. Stone Company at \$5,000.

QUIET AT THE CANNERY.

Very little work is being done now at the big cannery near the depot. The season is practically over, and the few remaining workers are boxing and labeling. It will require some time to put all the canned goods in shape for shipping, as this season's pack was a large one. Already there has been considerable fruit shipped from here, but the warehouses are still well filled and it will require some time to get it away.

AT WORK ON NEW ROAD.

The work of the Highway Commission is being watched with interest by the residents of the town. The road between San Leandro and San Francisco is being graded and widened, and when completed will be equal to any road in the country. The contract has been let to the B. & A. L. Stone Company at \$5,000.

You may digest about 73 per cent. of common oatmeal. You will digest 99 per cent. of H-O.

The H-O porridge left over from breakfast can be utilized for a still better dish to-morrow. Press it into moulds and set it into the refrigerator to harden. Serve with fruit or cream, or both. Then you will know what a breakfast help H-O is.

FRAUDULENT LAND GRANTS.

The report forwarded to the Secretary of the Interior by State Mineralogist Aubrey giving the details of an enormous timber land grab in Butte and Plumas counties is only one more instance of how syndicates have grabbed the public domain by wholesale perjury and prostitution of the laws devised to protect the actual locator.

In Humboldt, Mendocino, Sonoma and Santa Cruz counties the redwoods have been gobbled up by conspiracy and organized false swearing. Vast tracts of sugar pine forests in Tehama, Nevada, Calaveras, Tuolumne and Fresno have been sequestered by speculators in the same way.

These frauds on the public are always committed with the knowledge of the local land office officials and often with their direct connivance. They are not possible otherwise, no matter what specious excuses of ignorance are made. While the grabs are being carried out, the business is generally an open secret in the locality where they are in progress. Agents hunt up people who are willing to make a false oath of land entry for a small consideration. Not infrequently the local land office officials provide dummies whose names and oaths can be fraudulently used.

These things are so public and have been carried on so long without serious check that one wonders why any one should protest. Occasionally some poor devil who cuts a small quantity of timber from Government land is forced to prosecute and made to feel the wrath of outraged law, but the big fish always escape, and generally take the plunder with them. Once the entries to over 60,000 acres of redwood land in Humboldt were declared void, but the syndicate was Scotch and consequently without political influence. The persons who had by fraud and perjury secured title to the land in question escaped without punishment with the booty they had gained.

Because these gigantic land frauds have been tolerated by the public and winked at by the officials is no reason why they should be allowed to continue till the whole forest area of the Pacific Coast has been seized by syndicates who combine to put lumber up to an exorbitant price. These frauds not only facilitate combinations for squeezing the public, but they directly promote deforestation of the country to the permanent injury of the agricultural interests and the destruction of the water courses.

The vandals who grab the mountain forests by fraud leave the land a desolate wreck behind them. They not only commit a crime against the laws, but they commit a higher crime against nature. The associations formed to effect the preservation of the forests and streams and for the conservation of agriculture should combine to prevent and punish this criminal spoliation of the public domain.

UNIONISM THE ISSUE.

It is plain that the real question at issue in the dispute between the coal operators and the miners is recognition of the union. While the operators oppose every demand made by the miners, they lay most emphatic stress on objection to any recognition of the union. Their attitude suggests resistance to any settlement made by the arbitration board that requires the operators to treat with the Miners' Union as an organization. An analysis of the situation shows that recognizing the union involves ultimate granting of the other demands, for if the miners reach the stage of treating in a body with all employers it is quite certain that they will be able to enforce their demands in regard to the scale of wages and the exactions practiced on them by the company stores.

Evidently the mine owners are prepared to make any other concession rather than recognize the union. But whether the union is formally recognized or not, it will continue to exist. It has been too compactly organized and has proved too effective to be disbanded. If the operators begin a covert crusade to break it up, they are certain to provoke another disastrous conflict. The principle of organization is too thoroughly rooted in our industrial system to be destroyed. A blow at the Miners' Union in Pennsylvania will send a shock through the nerve centers of trades-unionism everywhere. In the saw mills, the shoe factories, cotton mills, the iron works and among the railway employees the touch of active sympathy is felt and the incitement to resistance aroused. The coal operators are fighting millions scattered in all parts of the country who know nothing personally of the mining situation, but who stand by the principle of labor organization.

The man who characterized gratitude as a lively sense of favors to come rather than appreciation of favors received in the past must have had some experience in American politics. It is astonishing how quick a man's friends will forsake him when he drops into the political shadow.

The Porto Ricans are rapidly becoming Americanized. They are lustily howling about frauds in the recent election.

SOUTHERN PARK IMPROVEMENT.

A famous landscape architect is coming from New York to formulate a scheme and prepare plans for the improvement of a 1,400-acre park in San Diego. The first cost of the improvement will be borne by public subscription, and thereafter the expense of maintenance and carrying out the plans will be defrayed from the proceeds of municipal taxation. The example of San Diego is instructive to Oakland. That city contains a little more than one-fourth the population of Oakland, yet the people there do not feel too poor to make public improvements. They do not think parks are unnecessary, nor are they content with shabby and inadequate municipal buildings. San Diego's City Hall would make the ancient wooden structure that answers to that name in Oakland ashamed of itself. The people of this city should have more civic pride and public spirit than to allow themselves to be outdone by the inhabitants of the Southern cities. They should see the wisdom of providing parks and public playgrounds as a business proposition.

Colombia has come off her high horse in regard to the Panama Canal concession and has consented to cede the United States a strip across the Isthmus, not in perpetuity, but for one hundred years, with the exclusive right of renewal. The agreement must be placed in treaty form and ratified by the Senates of the two nations, however. It will doubtless be acceptable, for if the United States get possession of the canal strip for a century the idea of dispossession will be absurd. Practically Colon and Panama will become American cities, and will become more so as time goes on. All the stable interests along the canal will be a unit in favor of continued American control, while the sole right of renewal of the lease will, in effect, be a grant in perpetuity.

A LITTLE FUN.

"No," admitted the girl with the Auburn hair; "I don't know what ails him. He hasn't called for two weeks." "Were you doing that pyrographic landscape on the big piece of sheepskin when he called last?" asked her brother. "Yes," she replied, "where you burnt out your fuse."—Chicago Tribune.

"Were they divorced for incompatibility of temperament?" "Yes, he would persist in lowering himself socially." "How so?" "When out automobiling with his wife he persisting in running down people who were socially impossible."—Buttmore Herald.

"For a first attempt in public," said her friend, encouragingly. "I thought you sang with a good deal of feeling." "I don't wonder at that," replied the ambitious young vocalist. "My heart was in my throat all the time."—Chicago Tribune.

Mrs. Brown—Mrs. Ayres says she changes her gown twice to five times a day. Mrs. Greene—Well, I don't blame her. I haven't seen her in anything that I shouldn't think she would be wearing. "For something else."—Boston Transcript.

"Are you educating your son for any particular calling?" "Well, he made his own selection and, as near as I can find out, he is educating himself to be the husband of an heiress."—Chicago Evening Post.

POINTED PARAGRAPHS.

An early crop—the small boy's first hair-cut.

With some five-cent cigars you get at least six cents.

Sometimes it is his lie-abilities that induce a man's assets to live in a state of much of the charity that begins at home is too feeble to get next door.

Any small boy in his first pair of trousers feels sorry for his mother.

The eight-day beauty of the rhinoceros isn't calculated to make him vain.

When it comes to a question of staying qualities the undertaker can lay the pugilist out.

It is true that the good die young it is up to the oldest inhabitant to offer an explanation.

A cynic is a man whose disappointment is due to the fact that the world was made without his advice.

It sometimes happens that a man puts both money and confidence in a bank—and later draws out his confidence.

A Kansas man boasts of running the only strictly third-class hotel in the country. It is up to some Chicago land-lord indignantly to deny this assertion.

Awkward Marital Relations.

"Is she married?" "Partially."

"What do you mean by that?" "She got divorced and her husband took an appeal. One court says she's married and one says she isn't."—New York Sun.

People have no idea how crude and cruel soap can be. It takes off dirt. So far, so good; but what else does it do. It cuts the skin and frets the under-skin; makes redness and roughness and leads to worse. Not soap, but the alkali in it. Pears' Soap has no free, alkali in it. It neither reddens nor roughens the skin. It responds to water instantly; washes and rinses off in a twinkling; is as gentle as strong; and the after-effect is every way good. Established over 100 years.

WEDDING OF MISS HUTCHINSON

DAUGHTER OF MR. AND MRS. JOHN F. ROONEY WILL WED FRANK GARCIA.

The wedding of Miss Gertrude Hutchinson, daughter of Mr. and Mrs. G. A. Hutchinson of Thirty-second street, and Mr. Guy Brown was solemnized last night at the home of the bride, the invited guests numbering about forty. The house was prettily decorated, the drawing-rooms being entirely in autumn tints, the living-rooms in huckleberry and white chrysanthemums and the dining-room in pepper berries and greens.

At the appointed hour the bride came down the stairs on the arm of her father, and was met at the improvised altar by the groom and his best man, Roy Hutchinson. The ceremony was performed by Rev. Dr. Dula. The bride wore a gown of white etamine over taffeta, with elaborate hand-work on both bodice and skirt; the tulle veil was caught up with ribbons of the valley and the bouquet was of bride-roses. Her only attendant, Miss Genevieve Porter, was gownied in white silk mull over green, elaborated with tucking; she carried bridesmaid roses. Following the reception the young people received the congratulations of their friends, and later supper was served at small tables, the bride's table being effectively decorated in pink and white roses and pink candles.

After a honeymoon trip to Monterey, the young people will return to Oakland, where the groom is engaged in the practice of his profession.

MISS ROONEY WILL WED.

The wedding of Miss Louise E. Rooney, daughter of Mr. and Mrs. John F. Rooney, and Frank F. Garcia of San Francisco will be solemnized on Saturday evening, November 22d, at the home of the bride's parents, on Twelfth street. No formal announcement of the engagement has been made, but intimate friends have known of it for some time. The couple will number about eighty, the guests including only relatives and intimate friends.

The bride's only attendant will be Miss Alice Davis, who will be gownied in pink, the bridegroom being in white satin. Four friends of the bride, Miss Florence Spear of San Francisco, Miss Emma Portia, Miss Marie Prole and Miss Plautz, all gownied in white, will receive the guests.

The decorations will be entirely in pink and green. Following the ceremony an elaborate supper will be served.

Miss Rooney has many friends in Oakland, where she has always lived, and among whom she has been very popular. Mr. Garcia is a resident of San Francisco, and after a honeymoon trip of some length the young couple will reside on California street across the bay.

AN ENGAGEMENT.

An announcement of more than usual interest in college circles is the engagement of Miss Marie Leonard, daughter of Mr. George Leonard of 2155 Telegraph avenue, and Donald McLaren, son of Superintendent McLaren of Golden Gate Park.

Both young people are prominent in society on both sides of the bay. Miss Leonard is a graduate of the Berkeley High school, while Mr. McLaren is an alumnus of the University of California. He is a member of Sigma Alpha Epsilon fraternity and Skull and Keys society. While he was at college he took a prominent part in athletic sports, and is prominently identified with the Pacific Mail Steamship Company, will sail for Yokohama Saturday.

The wedding will take place upon his return.

PERSONAL MENTION.

J. F. Smith has returned after a few days spent in Santa Rosa.

Miss Gladys Van Fleet has returned to her home in St. Helena after a few weeks' visit with her parents in the city.

J. H. Brunning is in Petaluma on business.

Drennon has returned from Petaluma after a short vacation spent there.

Mr. and Mrs. R. Ellison are visiting friends in Vallejo.

Colonel Samuel Fisher was in Santa Rosa.

Mrs. M. J. Lane of Castro street is visiting her daughters at Petaluma.

F. Cedey (removed to 1243 Broadway, opp. Postoffice) receives work daily at the Later Farlan Cleaning and Dyeing Works. Dry cleaning a specialty. Telephone Main 175.

His Glorious Time.

"He had 'em!" "He did!" "Sure! He saw snakes!" "Did he?" "An' one of the snakes he saw bit him." "Think of that, now!" "So he had to take some more of the antidote." "Of course." "An' then he saw more snakes." "An' was he bit again?" "He was." "He had to take some more antidote." "He did." "What a glorious time he's been havin'!"

BOXING NIGHT AT RELIANCE

CALIFORNIA JOCKEY CLUB SEASON WILL OPEN ON SATURDAY.

Should Frank Erne, the ex-lightweight champion, defeat Jimmie Britt his next engagement will be with the winner of the Billy Gardner-Toby Irwin bout, which takes place in the Reliance Athletic Club next Tuesday evening. Erne and Superintendent Favett came to an agreement yesterday and now if Erne wins the club has secured another fine match for the entertainment of its members.

The interest in the Gardner-Irwin bout indicates a large attendance and the club is arranging to handle as large a crowd as it took care of the night of the Hanlon-McFadden bout. Among the my horsemen who have arrived from the East recently there are a number who have seen the Eastern lightweight in action in Boston. They all say he is better even than his record would indicate. They have so much confidence in his ability that they will back him to beat the Californian. Since Gardner's arrival a number of Eastern horsemen have been with him. Several of these have written the Reliance Club seeking a date with Gardner in the event of his coming to Oakland.

The bout between Frank George and Jimmy Quinn is attracting more than ordinary attention. All who have seen George in his several performances in this city know that he is a rugged boxer who is always after the game. Quinn has demonstrated that he is good for defeating the best man in his class on the coast. His defeat of Jerry Kenney in the Reliance Club a few months ago is well remembered by those who saw it. In that bout he showed that he was right there with the goods.

OAKLAND TAKES THE BASEBALL GAME.

NEW PITCHER FOR UNCLE HARRIS FAILS AT THE CRITICAL TIME.

Cy Russell, a young man whom Uncle Harris is trying out as a pitcher, was in the box for San Francisco in yesterday's game with the locals at Golden Gate. The experiment pitched good ball except at critical times and then he fell to pieces and gave the game to Oakland by the score of five to one.

A good move was made by the management by commencing the game yesterday fifteen minutes earlier than usual to avoid stopping proceedings on account of darkness, but the umpire was not told of the proposed change and when the game was called McDonald was crossing on the ferry. McCarty was finally discovered sitting on the bleachers and was prevailed upon to take the post of pitcher. When McDonald made his appearance the double system of umpiring was used for the rest of the game.

In the first inning Leahy smashed one of Schmidt's best against the left field fence for two bases and then, on a fluke by Nordyke, came home. It was a flashy beginning for the Pirates, but it ended right there and not another man pressed the rubber for a run.

Russell gave free transportation to the show, walking three men in succession, after Walters had reached first on a single. Then Hurlbert was hit in the ribs by a pitched ball and was moved up to second by Devereaux's attempted sacrifice. Franks and Kleinow each connected for a single and a run was made.

Again in the eighth Russell broke down and made a gift of three tallies.

Thursday, Nov. 13th.

Ready-to-Wear Garments within the Reach of Any Purse

To sell ready-to-wear garments of the best material, carefully made, properly finished and of our own lines; to sell such garments, we say, at prices so moderate as to be within the reach of any purse, is a Taft & Pennoyer aim. We tell today of its accomplishment.

We ordered from several New York tailors garments made which meet these requirements. In addition, we purchased, at a liberal discount, the samples of three Eastern houses. These two facts mean a saving of at least one-fourth to you; they mean you have the best garment at the price of a mediocre one.

Rainy=Day Skirts

You need one today. You can afford one today. It is of brown or gray all-wool chevrot, has five gore circular yoke, welt seams and neck stitching. It would sell readily for \$5.00. The special price is

\$4.00

Coats

Our special coat is a double-breasted box, stylishly fashioned of rough chevrot in Oxford, brown, blue, black or tan; it has a velvet collar, wide turn back cuffs and five rows of stitching at edges and seams. It is a regular \$10.00 garment, but the price is

\$7.50

Suits

We have a fanny little suit in black, blue and Oxford chevrot. The silk lined blouse has a stitched belt and flare sleeves. The skirt shows welt seams and stitched bottom. Here is a \$20.00 value for

\$15.00

If you prefer a Norfolk, we have a well built one in blue and black chevrot. The jacket is satin lined, has patch pockets and turn back cuffs. The skirt is pleated from the waist down. You will pronounce it well worth \$23.50. Price

\$17.50

Then here's a very swaggy suit of blue or black chevrot, which has a double breasted blouse. The blouse shows a velvet belt, silk lining, turn back sleeves, slot seams and is self corded. The skirt is also self corded and with slot seams. It is a \$27.50 suit for

\$20.00

Taft & Pennoyer Broadway and Fourteenth.

30-Very Choice Lots-30 SITUATED ON THE HEIGHTS NEAR BLACKSTONE HILL. Never before have you had a chance to buy this property. The most picturesque residence location in Oakland, we respectfully invite you to investigate this property either for use as an ideal home, or as a speculation. ACCESSIBILITY—Electric cars pass the property on both sides, transfers are made to all parts of Oakland, Berkeley, and Alameda, it is within walking distance of the University of California, San Francisco. Fine elevation (insuring perfect sanitation) magnificent view of harbor and its environments. STREET WORK COMPLETE.

The E. P. Vandercook Co. 1016 BROADWAY, OAKLAND, and Room 32, 2nd Floor, Mills Building, San Francisco.

MOSBACHER NOW READY

MERCHANT WILL MEET MISS SCHOMBERG'S CHARGES BEFORE A JURY.

Helene E. Schomberg's suit against George Mosbacher, the well-known merchant, was begun before Judge Ogden and a jury in the Superior Court this morning, the forenoon being consumed in securing a jury.

Miss Schomberg is suing Mr. Mosbacher for \$5,050 damages alleged to have been sustained through false imprisonment. A little more than a year ago, the woman bought some goods from Mosbacher and refused to pay for them. She was accordingly arrested. Mosbacher simply did what any business man would do in the premises. He will fight the case to the bitter end. He is represented by Attorney M. C. Chapman.

The jury selected to try the case is composed of John C. Stanley, F. E. Mason, H. A. Cohler, J. P. Ford, A. Rodgers, E. J. Bevan, H. H. Weaver, J. C. Ewing, R. C. Potts, T. Kearney, P. H. Fisher and Frank Hocketter. Miss Schomberg was the first witness.

BANKERS FINISH BUSINESS.

CONVENTION IS INVITED TO HOLD MEETING IN SAN FRANCISCO.

NEW ORLEANS, Nov. 12.—When the American Bankers' Association met today California invited the convention to meet in San Francisco, and Washington invited the convention to meet in Seattle. The Nominating Committee submitted the following nominations:

President—Caldwell Harry, president of the Norfolk National Bank of Norfolk, Va.

First vice-president—Frank G. Bigelow, president of the First National Bank of Milwaukee.

For the Executive Council—John Skelton Williams, president of the Richmond Trust and Safe Deposit Company, Richmond, Va.; W. T. Fenton, cashier of the First National Bank of the Republic, Chicago; D. Sloan, president of the Loanconing Savings Bank, Loanconing, Md.; Arthur Reynolds, president of the Des Moines National Bank, and James T. Hayden, president of the Whitney Bank, of New Orleans.

Vice-presidents representing each State in the convention were also nominated.

A committee representing the various State associations also presented nominees for the Executive Council.

The following telegram was read from Secretary of the Treasury, Shaw: "Please convey my greetings and best wishes to your association and my regret at not being able to be present. I cordially hope that that which statesmanship has failed to accomplish may be consummated through commerce and that portion of our common country most favored by nature may become at last an equal sharer in the nation's prosperity."

Congressman T. E. Burton of Cleveland, Ohio, delivered an address on "Financial Crisis."

The new officers were installed and George H. Russell of Detroit, on behalf of the association, presented returning President Herrick with a silver punch bowl.

The convention adjourned sine die. The new Executive Council met after the adjournment of the convention and elected the following officers:

Chairman, E. F. Swinney, Kansas City, Treasurer, Geo. W. Brown, New York, Secretary, James B. Branch.

John G. Brown of Raleigh, N. C., was elected to fill the vacancy in the Council caused by the promotion of Mr. Bigelow to first vice president.

FIGHTERS ARE IN GOOD CONDITION

SAN FRANCISCO, November 13.—Frank Erne, the Buffalo lightweight, and Jimmie Britt of California, are fast rounding into condition for their twenty round contest which takes place before the Yosemite Club of this city on Thanksgiving eve, November 26. Britt is doing his preparatory work at an Alameda resort and Erne is training at the Reliance Club in Oakland. Britt returned from a vacation trip at Hollister on Monday and went direct to his training quarters where Charles Reno is looking after his interests. Reno states that the Californian will be in finer condition for the coming contest than he has ever been before.

Erne has been training for three weeks and is in excellent condition. He could step into the ring tonight if necessary. Both men are conscientious in their work and the sporting fraternity expect that the watch will draw the largest crowd that has ever witnessed a lightweight contest on this coast. Should Britt succeed in beating the Buffalo lad, an effort will be made to match him against the winner of the McGovern-Young Corbett contest.

LIPKA IS MADE
DEFENDANT

WOMAN HE BROUGHT FROM
EUROPE ANXIOUS FOR A
SEPARATION.

Martha Lipka, who was deserted four days after her marriage to Elkan M. Lipka on October 6, 1901, today filed a suit for divorce from the man who left her. She asks for nothing save that the bonds be set aside, waiving alimony and property rights.

Lipka is well known about town, where in sporting circles he has been a familiar figure for years. He was formerly a tailor but is now a pawnbroker. When his first wife was divorced he decided to re-marry, but the women of this country did not suit his fancy. He therefore sent to his parents in Germany asking that they select him a wife. They chose the woman who is suing for divorce and, after a short correspondence she came to Oakland at his request and they were married. Four days later, without any apparent reason, Lipka suddenly left his bride and steadfastly refused to return. When Rabbi M. Friedlander, who performed the wedding ceremony, remonstrated with Lipka for forcing his wife to depend upon the charity of friends, when he was interviewed by newspaper men he refused to talk. Lipka has a number of children by his first wife, the eldest of whom is almost grown. It is said that he will contest the divorce suit. Mrs. Lipka's attorney is George Samuels.

WILL DISCUSS SANITATION.

All physicians and citizens interested in city sanitation and improvement are invited to attend the meeting of the Fourth Ward Political Equality Club Friday evening, November 14, at 8 P. M., at the residence of Dr. Patton, 622 Fourteenth street, and are also invited to share in the discussion of city sanitation, particularly in relation to the garbage question. The discussion will be led by Dr. M. C. Elmhurst. Congressman Julius Kahn of San Francisco is to deliver his splendid address, recently

JEWISH COMMUNITY ENDS A PROSPEROUS YEAR.

First Hebrew Congregation Hold Annual Meeting—Pays High Tribute to Rabbi Friedlander.

No more important event has taken place in the local Jewish community during the season than the annual meeting of the First Hebrew Congregation at the Synagogue at Twelfth and Castro streets on Monday night last. It was one of the best attended and most enthusiastic meetings of many years. Every merchant of the city who is interested in the welfare and progress of the Jews of Oakland was present and by speech or pledge demonstrated his loyalty and earnestness in the cause.

All agreed that there had been displayed during the year past a renewed and increased interest in religious matters and the splendid and tireless work of Rabbi Friedlander, who has labored from day's end to day's end for the progress of the community, was praised without stint.

The meeting was called to order at 8 o'clock by President Sol Kahn, who presided throughout the evening. After the formal opening, President Kahn proceeded to the reading of his annual message, which proved to be a notable document in that it was a thorough and concise statement of the religious and temporal status of the Congregation.

Said President Kahn: "Another year has been added in the history of the First Hebrew Congregation, and, in the name of Judaism we have again assembled in annual meeting to deliberate upon the maintenance and promotion of our spiritual interests."

"At the very outset of my report of what we have done in the past twelve months, I feel grateful and gratified to be able to greet you with the assurance that all is well; and while the past year has no record of any particularly notable achievements it is full of indications of steady progress in strength and numbers."

"The message then goes on to give in chronological order all the Congregation and its auxiliary institutions accomplished in the last year. Among the interesting items of his report was the discovery that there was to the Congregation's credit at the Union Savings Bank the sum of \$170.03. "It appears," the message reads, "that some twenty-five years ago the trustees overlooked a deposit of \$25 to the Congregation's account; this deposit accumulated to the above figure, and it is now in our possession."

The message gives a full report of the Sabbath School, of the Sabbath School library, of the increase in membership and of individual gifts made during the year by friends of the Congregation.

It also recommends several changes in the ritual which proposition, by a vote, was referred to the Ritual Committee and the Rabbi.

His report closes with: "Upon a survey of our situation I feel that we have every reason to feel encouraged. I deem it but fit and proper to say that we are deeply indebted for both our progress at home and our standing among sister congregations to the conscientious labors of spiritual and intellectual guidance of our esteemed Rabbi, Dr. Friedlander. We more fully appreciate his constant and consistent striving to improve and uplift us, his high teaching that Judaism is based upon the world's loftiest ideals, and that the Jewish mission is to uphold these ideals at all cost of consideration."

In closing President Kahn extended his heartfelt thanks to the members of the congregation.

HAVE YOU ANY OF THESE.
Symptoms of a Very Common Trouble.

There is no disease so common in the United States as Catarrh because it appears in so many forms and attacks so many different organs.

It is a common mistake to suppose that catarrh is confined to the nose and throat. Any inflammation of the mucous membrane wherever located accompanied by abnormal secretions, is catarrh. Catarrh of stomach or bladder, or intestines is nearly as common as nasal catarrh and much more serious, although it is true that the catarrh and catarrh of other internal organs is the result of neglected nasal catarrh.

A new remedy has recently appeared which so far as tested seems to be remarkably effective in promptly curing catarrh, wherever located. The preparation is sold by druggists generally under the name of Stuart's Catarrh Tablets, and in addition to being very palatable and convenient, possesses extraordinary merit, in many cases giving immediate relief from the coughing, hawking and constant clearing of the throat and head, those symptoms with which every one is familiar who has ever suffered from colds in the head and throat.

Catarrh is simply a continuation of these symptoms until the trouble becomes chronic and grows gradually worse from year to year. Stuart's Catarrh Tablets are composed of Hydrastin, Red Gum and similar antiseptics and catarrh specifics from which it will be seen that no secret is made of the ingredients and also that no mineral poisons are used, as is the case with many well-known catarrh medicines.

For catarrh of the nose, throat, bronchial tubes, for catarrh of stomach, intestines or bladder no preparation is so safe and gives such rapid and permanent results as Stuart's Catarrh Tablets. All druggists sell them at 50c for full sized package. You can use them with assurance that you will not contract the cocaine or morphine habit as the results from this catarrh cure are apparent from the first day's use.

the Congregation and especially to the colleagues on the board, for their cooperation and assistance. Earnestly he prayed that the Congregation might grow from strength to strength.

An election of officers for the ensuing year follows the message and President Kahn arose to request that he be not longer required to act as the official head of the Congregation. He pleaded that personal affairs had attained such magnitude that they required his entire attention. His request was acceded to, although with great regret, and Julius Abrahamson was elected by unanimous vote to fill the chair. Nathan Rosenberg was elected vice-president, and A. Jonas, treasurer. The directors named were Max Marcus, Sol Kahn, George Mosbach, Jacob Rosenberg, D. Magnes and Samuel Ringolsky.

Rabbi Friedlander announces that beginning on Friday evening, November 22nd, regular weekly evening services will be inaugurated. He announces also that in two weeks he will open a class of Bible discourses which will be held on week-day night to be named hereafter.

CARACAS IS THE SEAT OF POWER

REBEL LEADER GETS NEAR THE LINE SO HE CAN LEAVE THE COUNTRY.

CARACAS, Venezuela, Nov. 13.—The Official Gazette yesterday published a decree re-establishing Caracas as the capital of the republic and as the seat of executive power. The disbanding of the revolutionary forces continues. It has just become known that during the night of November 12 the Government forces, having discovered that the revolutionists were short of ammunition, attacked them at midnight in the last stronghold, near San Mateo, precipitating the retreat which the revolutionary leaders had planned for the same morning.

The latest news regarding the whereabouts of General Matos, leader of the revolution, is that he was recently seen near Nirgua, two days' ride from Caracas, accompanied by three men, Tuscacat, on the Atlantic, the only two places from which it is possible for him to escape from Venezuela. Matos was accompanied by Generals Mendocino, Riera, Solagrie, Crespo, Torres and others. In all they had sixty horses. The Government forces have captured Matos' hammock, cap and slippers and letters which gave a clue to the connection of Matos with the Mochist party.

TRIBES ARE IN OPEN REBELLION

SPAIN CONTINUES TO HAVE A STREAK OF BAD LUCK.

MANILA, Nov. 13.—The United States Commission has passed an act to assist in the suppression of Ladroneism. It makes highway robbery committed by three or more persons a capital offense.

A conviction does not require proof of the actual commission of the crime, the existence of a band of brigands under arms being sufficient. Severe penalties are proscribed for those assisting Ladrone in the commission of crimes.

The Commission has also passed a sweeping "vagrancy" act, drawn up so as to reach both hostile natives and foreigners, and it has enacted a law requiring officials to warn the people of the impending danger of famine and help the raising of crops and quick growing seeds and lands for this purpose.

PLANS COMPLETE A NEW PIPE ORGAN

Plans for the new pipe organ for which the First Methodist Church is planning are going along in a way that gives the congregation hope of the near realization of its desire. Nearly half of the necessary \$5,000 is already pledged, and that without any active canvass for subscriptions. An active canvass will now be made, however, and it is hoped that the new instrument will be installed in time for the Easter services.

Murray M. Harris, the Los Angeles organ builder, has already prepared rough plans of the instrument, which is intended to be one of the finest on this side of the bay.

FOOTBALL HERO MAY BE FLOOR MANAGER

BERKELEY, Nov. 13.—Not only is Orval Overall, Berkeley's giant guard, a hero of the gridiron, but in the ballroom as well he can wind his way in and out among the dancers as daintily as he can pick his way through Stunton's scattered field. Yesterday, at a meeting of the Junior "Prom" Committee, his name was placed in nomination for floor manager of the junior dance to be given in the gymnasium two weeks from tomorrow night. The other nominee for the position is Gaylord Taylor. The election will be held today.

CHARGES AGAINST AN OFFICER.

SERGEANT KAMP WILL HAVE TO ANSWER BEFORE THE TRUSTEES.

ALAMEDA, November 13.—Asa T. French of 1107 Mount Street, one of the widely known pioneer engineers of the Southern Pacific Company, filed charges of a serious nature with the City Clerk this afternoon against Police Sergeant Albert Kamp. He accuses the officer of having at various times traduced and applied vile epithets to members of his family without cause or reason. French relates in detail in his complaint an alleged conversation that took place on the night of election day near the Park Hotel between the policeman and five young men, Henry French, Joseph Loneragan, Ernest Gruesz, Stefano Badarinos and Arthur Polirath. The dialogue is weighted with profane words, all of which, it is claimed, were uttered and applied by Kamp to the young men, and particularly to Henry French, a son of the complainant, and to the latter's family. It is also averred that Sergeant Kamp threatened during the wordy wrangle to strike Henry French when the latter told him that he appeared to be intoxicated. French asks the City Trustees to fully investigate the charges against Kamp and if they find them to be true to mete out to the accused such punishment as they may deem proper.

Kamp denies his accuser's charges and says that he will be able to disprove them. At present Kamp is the day desk sergeant at the City Prison. He has been connected with the Alameda police department for more than twelve years, and was appointed to the position he now has by City Marshal John Conrad.

In speaking of the matter this morning Kamp said that the French boys had been in the City Prison for some time. On the night mentioned in the charges filed against Kamp, he says that French boys were causing violent disturbance and that he told them to move on and cease their noise. The boys answered him back and told him he was intoxicated. The sergeant will not retain an attorney to defend him, as he is confident that he can answer the charges in a manner that will convince the Trustees that he is in the right.

SONS OF ST. GEORGE GATHER IN ALAMEDA.

ALAMEDA, November 13.—On Tuesday evening the members of Abion Lodge, Oakland, to the number of 200, paid a fraternal visit to Derby Lodge, Alameda, the occasion being the initiation of a number of new members into Derby Lodge. Underman, Hall was inadequate to accommodate the large company which overflowed into the anterooms, and late comers were unable to participate in the reunion. Captain Taylor took the chair, and in a humorous and witty speech bade the visiting Brothers welcome to Alameda and Derby Lodge.

The chairman called for the first number of the programme, which was as follows: Prof. Pollitt of Oakland, piano solo, "I Fear No Evil," "Holy Frie," "Trow of Oakland," songs, "Pilgrim of Love," "My Pretty Jane," Mr. Oakes, Oakland; storyette, Mr. Joete, Oakland; parliamentary incidents, Mr. Burrill, San Francisco; duet, "Excelsior," which met with thunderous applause. Messrs. Oakes and Trow, timely remarks, Mr. Lancaster, Oakland; "Soldiers of the King," encore, "Tommy Atkins," Mr. Wilson, Oakland; violin solo, Mr. Duesburg of Alameda; remarks, Worthy Grand Master Johnson, San Francisco; speech, Mr. Noyr, Alameda, during which he read a humorous letter, supposed to be from the late Robert Ingessoll to a gentleman in the Klondike; "The Klondike," Mr. Fisher, Oakland; remarks by Mr. Booth and others. The advantages of the order were ably explained and a cordial invitation extended to all eligible residents in Alameda and Oakland to join, after which the whole company responded to the invitation of the chair and sang "God Save the King." Mr. Council, "Pis of Three," and "Lynne," Before departing Captain Taylor announced that a football match will be played in Oakland at Twelfth and Madison on Sunday, November 16, at 2 P. M., between the Vampires and members of the American British Rifles of San Francisco.

NEW WHIST CLUB WILL MEET SHORTLY.

ALAMEDA, Nov. 13.—A new whist club was organized last Thursday evening at the home of Mr. and Mrs. W. M. Ramsey, 1186 Park street. The highest scores of the first set of games, which were played last evening, were made by L. A. Hagy and Mrs. Ramsey. The members of the organization are: Mr. and Mrs. Ramsey, Mr. and Mrs. L. A. Hagy, Mr. and Mrs. Frank Walton, Miss Grace Marshall, Miss Ina McFarland, Miss Grace Hurley, Miss Anna Stream, Miss Lottie Perkins, Elmer Hunt, Frank Foley, Geo. Roderbeck, Al Behneman and Edward Rogers.

HIGHBINDER WILL GIVE LARGE AFFAIR.

ALAMEDA, Nov. 13.—Next Friday night Alameda Imperial Tong No. 1, White Highbinders of California, will have a big initiation in Highbinder Hall, Bank alley. A dozen "barbarians" are to be put to the torture and Cousins have been instructed to whet their appetites and their hatchets for the feast and slaughter in prospect.

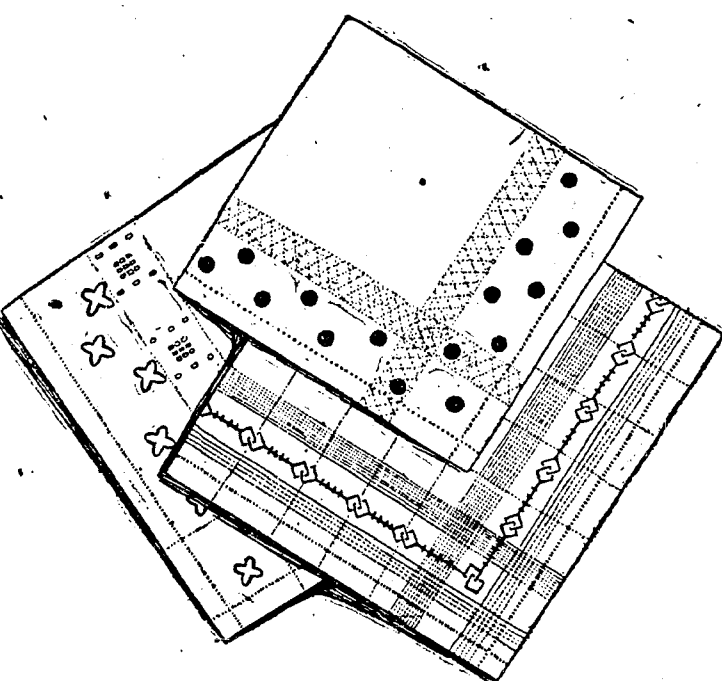

WOMEN WILL GIVE A POUND SOCIAL.

ALAMEDA, Nov. 13.—The Alameda Women's Charitable Association is making arrangements for its annual "Pound Party," which is to be given at the home of Mrs. Thomas R. McGurn, 2017 Central avenue, near Chestnut street, on the narrow gauge, on Monday, the 24th, from 3 to 5 and 8 to 11 P. M. The pound party is always made a society event here, and this year it will undoubtedly prove a great success and realize loads of staples and good things for the deserving and needy of the Island City. It is given for the purpose of providing Thanksgiving dinners for the poor. The musical program for the afternoon and evening, which will include some excellent numbers, is in charge of Mrs. Charles C. Hughes.

CONVERSATION WILL DISCUSS DARWIN THEORIC.

ALAMEDA, Nov. 13.—The Conversa-

SOME KELLER BARGAINS FOR MEN

Underwear

We bought heavily this year and at the right price. That's the way we're going to sell. Here are some offerings that will no doubt make us many friends: One is a good woolen steamer, shrunken natural wool and camel's hair underwear.

Extra value at per garment... 75c

The other a genuine Medico underwear—the perfection of comfort and warmth. Indorsed by physicians everywhere as the perfect health underwear.

Price per garment \$1.75 Others at 50c and some as high as \$3.50.

Hats

If we can't please you in hats you are a queer customer indeed. Come in and let us have a hat to talk. THE KELLER SPECIAL comes in all the new Fall blocks, in both stiff and soft hats. The stiff hat comes in black only. The soft hat includes the new Panama, telescope and fedora shapes, in pearl, steel and black.

The price is uniformly \$2.50

We are sole agents for the celebrated HAWES HATS. The best sells at the low price of... \$3.00

We also carry the famous Stetson \$4.00 and \$5.00 hats in all their variety of blocks.

Handkerchiefs

Never before have we offered such strong values in Men's Handkerchiefs. Good Hemstitched Handkerchiefs in rib, plain and fancy designs at 12c, worth 20c any where. Others worth 35c we are selling at 25c or \$2.75 by the dozen. Silk Handkerchiefs from 25c up to \$2.00.

We are making a special for a few days—Linen, attractive pattern, each... 25c.

M. J. Keller Company

LEADING TAILORS, FURNISHERS SHIRT MAKERS, HATTERS.

1157-1159 Washington Street

ALSO SAN FRANCISCO.

WILL COST THEM THEIR HEADS

LADRONISM WILL BE SUPPRESSED IN THE PHILIPPINE ISLANDS.

MADRID, Nov. 13.—A dispatch from Tetuan, Morocco, where the Kabyle tribes have rebelled shows that the situation has grown more serious. A body of armed Tetuanites has been defeated in a fight with the rebels and compelled to retreat to the town. The rebels are encamped at Samoa, half an hour distant from Tetuan, where all business is suspended. In Madrid the position of the Europeans at Tetuan is considered to be not grave. The newspapers comment on Spain's continued ill fortune as again evidenced by the fact that the country is without a Cabinet at the time of such an important crisis.

CRUISERS SAIL

GIBRALTAR, Nov. 13.—The British cruisers Furious, Pegasus and Prometheus have sailed from here for Tetuan, Morocco.

CARD FROM WM. SMITH.

Editor TRIBUNE:—Although defeated as a candidate for the office of County Treasurer on the Union Labor ticket, I am pleased in the manner in which many friends espoused my cause. Among those who voted for me were Democrats and Republicans, as well as those of my own party, and I am highly gratified to know that the campaign was a clean one between my opponent, Mr. Feldner, and myself. His attitude during the entire canvass was that of a gentleman. It was a pleasure to have such an honorable opponent. I want to thank all those who aided me, and I am appreciative of the hard work they did for me. I gracefully bow to the will of the people.
